# 1300

The Verti-Cut 1300 employs specially designed Verti-Cut blades which encourage the healthy growth of turf, by cutting the lateral growth of grass roots, and removing dead plant material, allowing better water penetration, and more room for roots to grow. It can be powered with a tractor PTO or the Redexim Carrier, multipurpose prime mover and offers a large 48" working width for more productivity. Heavy-duty components are employed throughout for greater durability.

FEATURE	BENEFIT
Steel Blades	Long Lasting
Three Point	Greater Versatility
Powered with Tractor PTO or Redexim Carrier	Greater Versatility
Close Spacing	Greater Effected Area

# Verti-Cut 1300

SPECIFICATIONS	DESCRIPTION
Working width	52" (1300mm)
Working depth	0" - 1.5" (0mm - 40mm)
Distance between the knives	1.25" (30mm)
Recommended tractor	18 HP with minimum lifting capacity of 408 lbs (185 kg)
PTO rpm	Maximum 540 rpm
Weight	342 lbs (155 kg)
Capacity (Theoretical at a speed of 3.1 mph (5 km/h))	21,325 sq. ft2/h (6500 m2/h)
Dimensions L x W x H	27.2" x 63.6" x 31.5" 692 x 1616 x 801 mm
Standard components	- Knives 2 mm - PTO
Optional	Knives 1mm- Knives 3mm
