THE DEMO 

MECHANICAL

Enhanced bar profile to accommodate wider range of front face angles.

Run CBN and ceramic grinding stones at manufacturers recommended speeds.

Variable grind motor speed.

Variable traverse motor.

OPERATIONAL

Variable traverse speed gives users ultimate control over their grinding practices, helping to cope with ever-changing bedknife materials.

Rapid setup process with tri-magnet blade mounting bar. Once activated, magnets hold bedknife in place for easy alignment. Can be switched on or off during the grinding process.

Adaptable control system.

ERGONOMICS

LED lighting for increased visibility.

Scratch resistant viewing panel.

Robust soft-closing storage drawers.

OPTIONAL EXTRAS

Auto infeed.

Guard assembly for larger bedknife carriers.
