LITHIUM WALK-BEHIND REEL  
MOWER

## EXPERIENCE AN ELiTE<sup>®</sup> CUT

The Eclipse 2 ELiTE is where cutting edge lithium technology meets pristine cuts, allowing you to experience seamless operation and superior results. Compromise nothing with a programmable frequency of clip, floating head, onboard controller, and 40% less vibration than internal combustion engines. A low-profile design improves visibility to the floating cutting head and includes an onboard controller for maximum management.

## LITHIUM WALK-BEHIND REEL MOWER

Personalize the all-electric walking mower with countless accessory options, like reels, rollers, bedknife options, verticutter, groomer, fine bristle brush, and magknife.

With zero fumes and hydraulics, the electric powertrain leaves no marks behind.

Featuring a traction drum and front roller that carry the full weight of the mower and basket, ensuring the cutting head is allowed to fully float, unaffected by the weight of the mower or grass basket.
