

MAREDO[®] MT series

EN2340

Dear reader,

The world changes rapidly. Not only the digital world, but also in the turf maintenance industry. As we care about the earth, sustainability is the new key word in turf maintenance. Our new challenge, is to maintain the turf to the same level of quality, but with less fertilizer, fungicides and pesticides. At **MAREDO®** we've been working on this challenge for over a decade, developing innovative turf care solutions.

This brochure highlights the **MAREDO® MT series** of machines.

For our full range of machines please see our website www.maredo-bv.com

For more information please contact a MAREDO dealer or contact us direct via phone or email.

We're ready to assist you in your **sustainable turf maintenance** and welcome you as a new **MAREDO®** customer.

Yours Sincerely,

Marinus Reincke
CEO **MAREDO BV**

The **MAREDO** MT collection

- **MT200** Flex-Verticutter
- **MT210** VibeSpike-Aerator
- **MT418** VibeDisc-Seeder
- **MT424** VibeSpike-Seeder

MAREDO MT200 Flex-Verticutter

Flexible main frame and head suspension.
The MT follows all contours and curves

High quality
2.3 mm / 0.09"
Carbide tipped
blades with
long lifetime.
Reverse rotation

Min 30 Hp
540 RPM

Total weight
350 kg
800 lb

Fully mechanical
drive line.
No hydraulic drive

Easy working-
depth adjustment
0 - 25 mm / 1"

Working width:
190 cm / 75"

Too much organic material in the top profile?

The **MAREDO** MT200 Flex-Verticutter is the solution! The special designed blades combined with the reverse rotation (rotation against driving direction) plus the high blade rpm result in perfect cutted slits with minimal surface disruption. Organic material will be removed and the surface will heal fast, making it ideal to use on greens, tees, fairways and sportfields.

MAREDO MT210 VibeSpike-Aerator

**Min 30 Hp
540 RPM**

**Total weight
380 kg
840 lb**

**Flexible main frame
and head suspension.
The MT follows all
contours and curves**

**Fully mechanical
drive line.
No hydraulic drive**

**Forward speed
4 - 10 km/h
2.5 - 6 mph**

**Easy working-
depth adjustment
0 - 60 mm / 2.4"**

**Working width:
190 cm / 75"**

Soil compaction?

The **MAREDO** MT210 VibeSpike-Aerator is the solution!
The unique designed vibratory spike system helps to relieve soil compaction in combination with a higher ground speed. This makes the MT210 to be one of the fastest aerators in the market.

**Vibratory spike section will
relieve soil compaction up to
60 mm / 2.4"**

MAREDO MT418 VibeDisc-Seeder

Spacing
42 mm
1.6"

The seed will be planted
accurately and will be
protected in the slits.

Need healthier and more resistant Turf?

The **MAREDO** MT418 VibeDisc-Seeder helps reaching that goal! The unique design helps planting the seed, helping it to germinate in a safe environment. Vibratory pre-cutting discs create a slit. Right behind it secondary double discs placed in a V, open up the slit and plant the seed

Fescue/ Rye:

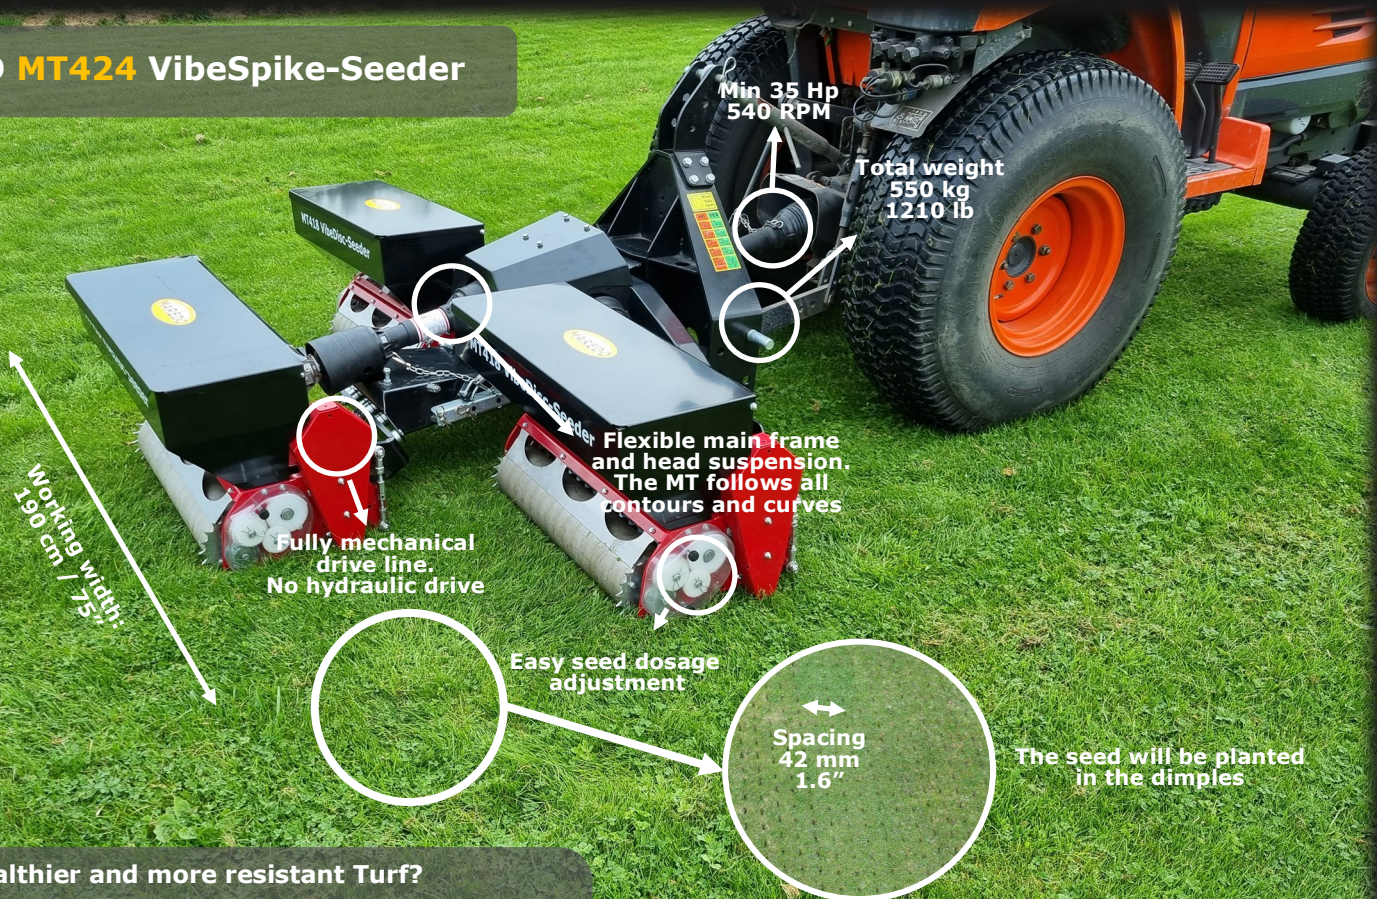

MT418 VibeDisc-Seeder

Agrostis/ Bentgrass:

MT410 VibeDisc-Seeder

MAREDO MT424 VibeSpike-Seeder

Need healthier and more resistant Turf?

The **MAREDO** MT424 VibeSpike-Seeder helps reaching that goal! The unique design helps planting the seed, helping it to germinate in a safe environment. Vibratory spike sections create a pattern of dimples. Right behind it the seeds are dropped by the dosing shaft. A brush will help the seed to reach the dimples.

Fescue/ Rye:

MT424 VibeSpike-Seeder

Agrostis/ Bentgrass:

MT420 VibeSpike-Seeder
